Membership info update

At the March 4 meeting, it was announced that a password-access "members only" directory was being set up. Since the website was first launched, a number of members have suggested that having a combination of the old directories, where members could learn more about their fellow Rotarians, and a modern online directory with easy-to-access contact information would be greatly appreciated.

The system is now built; all that remains is to gather up-to-date information on everyone. Once that information is filled in, club members will be given a username and password to go to the private portion of the website and view the information. Non-members will not be able to view the information since they will not have a username and password.

Restricted information will include contact and any personal information (e.g., hobbies, birthdays).

Some club members have already filled out the forms but many have yet to do so. The forms are available at club meetings. Those with email addresses were sent an email with instructions for downloading the form.

For further information, contact Derek Brown, 256-239-6034, or email at derek@widenetconsulting.com.
